Dear Parent

The PE Department are currently in the process of compiling a list of all students within the school who are considered to be Gifted and Talented in Sport. We have a strong sporting tradition at Colchester County High School for Girls and have enjoyed many individual and team successes over the years. We would like to ensure that these individual achievements continue to be recognised and the success of our students celebrated.

To be considered Gifted and Talented in Sport, a student must be competing at County Level or above in their chosen activity. Whilst we are aware of a number of students within the school to whom this applies, we are keen not overlook those students competing in less traditional sports or activities and those who are a little more shy or reluctant in coming forward to talk about their own personal successes.

We would be very grateful if you could complete the reply slip below and return to the PE department in a sealed envelope. Thank you in advance for your help and cooperation.

Yours sincerely

PE Department
