AS LEVEL PE - PROGRESS / TRACKING SHEET

PROJECTILE MOTION

TARGET GRADE	
Current Working at Grade	

	Start of Unit			Interim Check			End of Unit		
TOPICS	R	A	G	R	A	G	R	A	G
You can identify angle of release, velocity of release and height of release as the factors that affect the horizontal displacement of projectiles									
You can identify the factors affecting flight paths of different projectiles									
You understand the forces that affect the shot and badminton shuttle									
You can identify the vector components of parabolic flight
